

**REMARKS**

Applicant appreciates the Examiner's review of the above-identified application and indication of allowability of a number of claims. Applicant has amended claims 44, 45, 47, 53 herein. No new matter has been added. Support for the amendment may be found in, for example, original claims 29, 43, and 45.

Applicant amended claims 44 and 45 to correct antecedent basis problems as suggested by the Examiner. With regard to claim 44, the limitation "support posts" is being introduced in line 5 therefore no antecedent basis is required. The support posts are carried between the dual inter-fitting decks. By the present amendment, Applicant has amended the pending claims to overcome all of the objections noted by the Examiner under 35 US § 112.

In addition, Applicant has amended claim 47 to include allowable elements of claims 29 and 43. Applicant has also amended claim 53 to include allowable elements of claim 45. Accordingly, all pending claims should now be allowable.

The Examiner is invited to telephone the undersigned, applicant's attorney of record, to facilitate advancement of the present application.
